

We work to improve care for the elderly and disabled in all settings;

We encourage and help people to speak out on their own; and

We provide a voice for those who are not able to advocate for themselves.

*HOW DO WE CONTINUE TO IMPROVE
NURSING HOME QUALITY
IN THE MIDST OF HEALTH CARE REFORM?*

Long Term Care Community Coalition

The Long Term Care Community Coalition (LTCCC) is a nonprofit organization with over 20 statewide organizational members devoted to improving care for the elderly and the disabled. We work to ensure that long term care consumers, who are often very vulnerable, are cared for safely and treated with the dignity they deserve. To accomplish these goals LTCCC:

- Researches policies, laws and regulations affecting care for the elderly and the disabled;
- Advocates for state and national policies to improve care;
- Addresses systemic problems in the delivery of long term care;
- Identifies good practices and develops recommendations to improve care and dignity of the elderly and the disabled, and better conditions for professional caregivers; and
- Works to educate government agencies and elected officials on the needed changes.
